COVID-19 NUMBERS

Daily COVID-19 Update for Tuesday, September 14, 2021

Last week, the CDC reported a decline in new cases and hospitalizations in the US, although cases in children are still on the rise. The latest issue of the COVID Data Tracker Weekly Review has information for those experiencing long-haul COVID symptoms and provides data on how cases, hospitalizations, deaths, and vaccinations are trending in the US.

Covid-19 Data (as of 9/14/21)			
	Maryland	**PG County**	**Bowie**

Vaccine totals represent total population, not eligible population. Source: Maryland Department of Health at coronavirus.maryland.gov			

Vaccinations at Skilled Nursing Facilities
The Maryland Department of Health announced an update on the top 10 and bottom 10 skilled nursing facilities in the state ranked by percentage of staff with at least one dose of a vaccine against COVID-19. View how each skilled nursing home in the state is currently doing on staff and resident vaccinations.

Just the Facts!
The Maryland Department of Health launched a social media initiative on September 13, to combat COVID-19 misinformation and disinformation and ensure that residents have accurate information about vaccines, the importance of testing, and other COVID-19-related facts.

Back to School Immunizations
The Prince George's County Health Department is offering free immunizations for students who are not up to date on required shots. Appointments are offered every Saturday in September and can be scheduled online.
