CITY OF BOWIE ROBERT V. SETERA AMPHITHEATER USE POLICY POLICY 00-01

SUBJECT

Requirements and guidelines for use of the Robert V. Setera Amphitheater at Allen Pond Park.

INTRODUCTION

The City owns the Robert V. Setera Amphitheater at Allen Pond Park. This policy has been prepared to establish specific criteria for organizations wishing to use the amphitheater for special events.

BACKGROUND

The Department of Community Services has reviewed their current policy governing the use of the Amphitheater and has determined that with increasing requests for use of this facility, the current policy needed to be revised. This revised policy provides use criteria for the facility, specifies available dates, and establishes guidelines for permitted users. The new policy will protect the facility and park from damage and improper use, ensure that permitted events are suitable for a public park forum and are of general interest, with minimal disturbance to surrounding residents.

POLICY

The use of the Amphitheater is restricted, in priority order, to City sponsored events; Maryland-National Capital Park and Planning Commission (M-NCPPC) events coordinated with the City; or by other groups which have obtained a Special Event Park Permit issued from City's Department of Community Services in accordance with this policy.

Special Event Park Permits for Amphitheater use may be issued only to:

- a. Bowie based schools, having their principal place of business in the City, for the purpose of secular educational activities, which will not exceed 2 hours in length
- b. Non-profit organizations having their principal place of business in the City, provided that no more than one such permit may be issued to any organization associated with the

event in any one-year period and provided that the program must be open to the public at no charge (although voluntary donations may be passively solicited), and further provided that the program be of general interest, and have no offensive or obscene content. "Passively solicited" means that receptacles for voluntary contributions may be placed at appropriate locations at least fifty feet from the point of entry and labeled with their purpose. The existence of the receptacles may be called to attention of attendees as they enter the event but attendees may not be compelled or pressured to make a donation and no other mention, solicitation or request for donations may be made to attendees. An organization seeking a Special Event Park Permit shall submit a security deposit (in accordance with the City's current fee structure) upon application with the City, which deposit shall be forfeited if the City determines that the prohibition on the charging of admission has been violated or if any of the below noted Guidelines for Amphitheater use are not adhered to.

Special Event Park Permits will be considered on a case-by-case basis, taking into account the time of day, date and previously scheduled events or activities.

Fees for the use of the Amphitheater shall be in accordance with the City's current fee structure.
